

Brightspeed Internet offers reliable and affordable internet plans starting at \$50 per month, with speeds up to 20 Mbps. This basic plan allows connectivity for up to 2 devices simultaneously, suitable for browsing, emailing, shopping, and streaming music or standard definition videos. For those seeking faster speeds and more robust connectivity, Brightspeed Fiber Internet provides ultrafast speeds of up to 940 Mbps starting at \$59 per month. This plan supports up to 20 devices at once and facilitates activities such as streaming Ultra HD 4K videos, connecting smart devices, working or learning from home, and competitive online gaming. Additionally, there's a special offer for a 1 Gig plan at \$79 per month, which includes eligibility for a \$200 Brightspeed Prepaid Mastercard. Terms and conditions, including taxes, autopay requirements, and installation fees, apply to all plans. Availability may vary by location.
